Mission Statement

The Student Success Center is located in the Charles C. Matthews Foundation Student Center on the main Panola College campus in Carthage. The mission of the Student Success Center personnel is: to provide outstanding service to students and staff with an easily-accessible, one-stop center for student services; to assist students with setting and reaching academic and career goals; and ultimately to assist students in reaching their full potential. Services that are offered in the Student Success Center include: Admissions, Advisement (Academic, Career and Technical), Child Care Assistance, Disability Services, GED Testing, International Student Services, Job Placement, Assessment Testing, Records, Recruiting, Residence Life, Student Life, Tutoring and Veterans Services. Please let us know how we may serve you. We are committed to YOUR success.

Academic Advising

For academic advising and registration, students must make an appointment with the assigned faculty or an advisor in the Student Success Center. Advisors also provide information about courses of study, transfer school options and referral information, when requested.

First-time students must sign up and attend a "New Student Advisement/Registration" session and must see an advisor prior to being allowed to register.

Career & Technical Academic Advising

Panola College career and technical programs have a formal advising process designed to keep students on track in the curriculum and help them resolve any problems they encounter. Once a student formerly enters a technical program such as Nursing, Business, Office Professional, Petroleum Technology, Cosmetology, or Welding they are assigned a faculty advisor. They will need to meet with their advisor each semester prior to registration (a registration block is placed making advising mandatory).

First-time students must sign up and attend a "New Student Advisement/Registration" session and must see an advisor prior to being allowed to register.

Bulletin Boards

Students are responsible for reading the campus bulletin boards, flat-panel television screens, outdoor marquee, and student email on a regular basis for announcements. Prior to its being posted, advertising not associated with college business must be approved by the Student Activities Coordinator.

Campus Police/Security

The campus police force is composed of certified law enforcement officers who have the power to enforce all Texas laws and College regulations on the property owned or operated under the direction of Panola College. An officer and/or additional staff members are on duty on a 24-hour basis. The force serves the staff and students by helping to maintain the safety and security of each person and their possessions while on campus.

Email

Each student is given a campus email address when admitted to Panola College. All correspondence after admission will be through email. It is the student's responsibility to activate and monitor their email.

Health Services

Health care facilities are not offered on the main campus or on off-campus sites. If an accident or emergency occurs on campus, first aid will be administered, and additional assistance, if needed, will be requested from the local hospital's emergency service. The cost of any professional service is the responsibility of the student. Students are encouraged to have medical insurance coverage from a company of their own choosing. Information concerning a sickness and accident insurance policy available to students and their dependents is available. Inquire in the Business Office.

HIV/AIDS and Other Communicable Diseases

Panola College recognizes that students or employees with communicable diseases, including HIV infection, may wish to engage in as many of their normal pursuits as their condition and ability to perform their duties allow. These pursuits include attending classes or work. As long as these students or employees are able to meet acceptable performance standards, and medical evidence indicates that their conditions are not a threat to themselves or others, the administrators, faculty and staff should be sensitive to their condition and ensure that these individuals are treated consistently and equally with other students and employees. At the same time, Panola College has an obligation to provide a safe environment for all students and employees. A student or employee with a communicable disease should report the condition to the Vice President of Student Services or to his/her immediate supervisor as appropriate. The educational pamphlet on HIV infection developed by the Texas Department of Health is distributed to all employees and is available to students requesting a copy. Every
