TUITION AND FEES

Expenses

Tuition and fee costs at Panola College are reasonable, because the school is supported both by the Texas state government and by the taxpayers of the Panola College Taxing District. Tuition, which is \$25 per semester hour with a minimum charge of \$60, falls well below the amount established by state law. Fee charges vary according to the student's official place of residence, since a separate fee system exists for those individuals not paying property taxes to the College or for those who are not residents of the State of Texas. Fees also vary according to the courses taught as additional fees are charged for laboratory courses or may be charged for specialized courses which require additional lab fees, rental fees, clinical fees, liability insurance, and/or external achievement exams.

Residence Classification

In accordance with Texas law governing tuition charges, students who enroll at Panola College will be classified as Texas Residents, Louisiana Residents, Out-of-State Residents or International Residents. Texas residents will be classified as in-district or out-of-district residents. Tuition and fees will vary according to the residency established at the time of initial registration with the College. Individuals must be prepared to establish residency by signing an oath of residency and may be required to provide official documentation proving residency. Texas residents are those individuals living in Texas for the 12-month period immediately preceding the date of initial registration. Louisiana residents may take advantage of a reciprocity agreement which allows them to pay in-state tuition when enrolling at Panola College because of the school's proximity to the two states' common border. Out-of-state residents and international residents are individuals who have not resided in Texas for the 12-month period immediately preceding the initial date of enrollment. International (foreign, alien) students who are not permanent residents of the U.S. and have not been permitted by Congress to adopt the U.S. as their domicile while they are in this country are not granted Texas residency status.

In-District Residency

Citizens with legal residence status of the State of Texas, who are 18 years of age or older, who are financially independent from their parents or guardian and who reside within the boundaries of the Panola College taxing district for a 12-month period prior to the 12th class day of a long semester, the 4th class day of a summer session or the official census day for terms of varying length qualify for in-district residence status. Legal Texas residents under the age of 18 or Texas residents 18 years of age or older who are not financially independent from their parents or guardian are classified according to the residence status of their parents or guardian.

Legal residents who reside outside the boundaries of the Panola College taxing district, but own property within the taxing district and pay ad valorem taxes on that property, may have the difference between in-district and out-of-district tuition waived for themselves and their dependents.

Verification of property ownership shall be determined by an ad valorem tax statement or receipt issued by the tax office of the District; or by presentation of a deed, property closing statement or other appropriate evidence of ownership of property which is subject to ad valorem taxation by the District.
