Instructional Goals and Purposes:

A study of the use of the body on stage to communicate character and action. Activities include exercises in body control, body language, dance, and stage combat designed to provide movement theatre skills for the student actor, as well as to instill self-awareness, spatial awareness, and tools and techniques for effective physical expression.

Learning Outcomes: [from the ACGM catalog]

After studying all materials and resources presented in the course, the student will be able to:

1. Demonstrate ability to work effectively in ensemble
2. Become more aware of the world, of others, and self
3. Become more fully present “in-the-moment” in your physicality
4. Be able to identify and develop the physical characteristics of a character
5. Be able to create a truthful physicality within imaginary circumstances
6. Be able to identify and participate in stage combat
7. Be able to make personal connections to the physical side of acting work

Course Content:

Students in all sections of this course will learn the following content:

1. The process of critical analysis through various proven methods
2. The importance of physical characterization
3. Specific terminology related to stage movement
4. Various methodologies of stage movement

Methods of Instruction/Course Format/Delivery:

This course shall consist of lecture, research, discussion, projects, and performance elements. Face-to-face contact in class as well as online content delivered through Canvas. Please note this class requires physical activity some of which may be strenuous.

Assessment:

There will be weekly quizzes, class discussions, daily work, and a final term project as well as Student created portfolios.

Course Grade:

The grade for this course will be based on

40% Student Presentations

40% Quizzes and Exams

10% Daily Work

10% Participation
