LVN Program – Panola College
NCLEX-PN Independent Study
VNSG 1191

Special Topics in Nursing – Independent Study for NCLEX-PN Preparation
VNSG 1191
Semester Credit Hours: 1

Prerequisites: Required to complete NCLEX-PN preparation due to second comprehensive HESI score below 900.

Course Description: Independent study using a variety of learning methods including the Hurst NCLEX –PN Review, Kaplan NCLEX-PN Review or Sylvia Rayfield NCLEX-PN Review.

Learning Outcomes:

At the end of the course the student will be able to:
1. Review deficient areas as identified by the first and second HESI tests
2. Complete reviews in various resources chosen by the faculty and the student
3. Complete NCLEX style questions as assigned

Course/Lab Required: The course will be approximately four weeks. The information below will be submitted to the assigned course instructor on a weekly basis. The student will complete the following requirements:
1. Complete a live or on-line NCLEX PN Review
2. Complete and submit 200 NCLEX Questions each week. (Total 800 questions)
3. 10 hours a week of HESI Remediation. (Total 40 hrs)
4. Retake each HESI Specialty exams. (Version II of Pharmacology, Med-Surg, Fundamentals, and Mat-Peds will be administered.)
5. HESI Exit Exam Version III will be administered.

Grading: The course will be graded pass/fail. The course grade will be based on proof of completion certificate from the NCLEX PN Live Review course. Successful completion of the required 40 hours remediation (all or none assignment for a 100 or 0). A minimum of NCLEX 800 practice questions submitted. Completion of HESI Specialty Tests.

Students will be required to locate a face-to-face or on-line NCLEX-PN review, register and complete the review within the designated time. The on-line or in-person NCLEX – PN review must be approved by faculty prior to registration. Students must also register with Panola College for VNSG 1191.
