

RESPONSE TO FACULTY EVALUATIONS

Instructor Name:

Course Evaluated:

Please review and analyze your Student Evaluations of Instruction results from last semester. The student feedback from the evaluations is one aspect of the overall professional development process, with emphasis on use of the tool for development.

1. Please identify and discuss each category where 10% or greater of the students' ratings fall in the "disagree" and "strongly disagree" columns.

2. The data and analysis should be used to enhance instruction and guide professional development activities. Please write an effectiveness plan to address each problem identified above or a continuation plan if you have no problems identified. Please be specific and note any objectives that you would add, change, or modify.
