October 27, 2000

To the taxpayers of Panola County and the citizens of the Panola College service area:

The comprehensive annual financial report of Panola County Junior College District (Panola College) for the fiscal year ended August 31, 2000, is hereby submitted. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with Panola College. To the best of our knowledge, the enclosed data are accurate in all material respects and are reported in a manner designed to present fairly the financial position and results of operations of the various funds of the College. Included are all disclosures necessary to enable the reader to gain an understanding of the College's financial activities.

The comprehensive annual financial report contains four sections: introductory, financial, statistical, and single audit. The introductory section includes this transmittal letter, the College's organizational chart, and a list of principal officials. The financial section includes the financial statements and the independent auditor's report on the financial statements. The statistical section includes selected financial and demographic information, generally presented on a multi-year basis.

The College is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act as amended in 1996 and U. S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Information related to this single audit, including the schedule of expenditure of federal awards and auditor's reports on the internal control structure and compliance with applicable laws and regulations, are included in this report.

This report includes all funds of the College. Panola College is committed to offering quality educational programs and services for the people of the College's service area at a reasonable cost. The College provides a wide range of programs, including general academic, technical-vocational, student development services, continuing education, and community service.

ORGANIZATION OF COLLEGE

Panola County Junior College District was established as a public junior college in an election held in Panola County, Texas, in 1947. The District operates as a junior college district under the laws of the State of Texas. An elected, seven-member Board of Trustees governs the District.

The College is a special purpose, primary government according to the definition in Governmental Accounting Standards Board (GASB) Statement 14. While the College receives funding from local, state, and federal sources, and must comply with the spending reporting and recordkeeping requirements of these entities, it is not a component unit of any other governmental entity.

Panola College's campus is located in Carthage, Panola County, Texas. Classes are offered at alternate sites in Shelby County, Harrison County, and Marion County.

ECONOMIC CONDITION AND OUTLOOK

Panola College is situated in East Texas. The area serviced by Panola College includes the counties of Harrison, Marion, Panola, and Shelby. The largest cities in the service area are Carthage, Center, Jefferson and Marshall. These cities are also the county seats of their respective counties.

Panola County ranks as one of the leading natural gas producers in Texas. Drilling of new natural gas wells escalated during the year, which along with continued lignite mining activities contribute greatly to the area's wealth. Timber, poultry, and cattle production also continue to contribute to the local economy. All of these activities have a positive impact on employment and the county tax base.

MAJOR INITIATIVES

Panola College is accredited by the Southern Association of Colleges and Schools. Every ten years the College under goes a self-study for re-accreditation. A team from the Southern Association of Colleges and Schools visited the College in February 2000 to review the self-study. The College received an excellent report from the visiting team. The report included fifteen recommendations and three commendations. The members of the Humanities faculty were commended for their extracurricular support of the fine arts within the College community and service area. The Social Sciences Department was commended for the department's role in establishing and supporting the East Texas Oral History Archive. The Business Office was commended for five consecutive years of having earned a Certificate of Achievement for Excellence in Financial Reporting from the Government Finance Officers Association.

The College received several grants during the year (administered through the Workforce and Continuing Education Department). They include a \$529,321 Self-Sufficiency grant from the Texas Workforce Commission. The funds are for a two-year period to provide contract training to industries in Panola and Shelby counties. An additional \$171,793 was received from the Texas Education Agency in grants for Adult Basic Education. These grants helped to provide basic literacy and English as second language training.

The College purchased a tract of property adjacent to the 103-acres previously purchased for future expansion. The tract of property was purchased for an additional entryway into the property. To make current use of the property, the house and garage apartment on the property were converted into office space for the Workforce and Continuing Education Department.

During the year the College President, Dr. William Edmonson announced his retirement. A search committee comprised of Board members, faculty, staff, and community members conducted a nationwide search for a new president. The Board of Trustees approved Dr. Gregory Powell as the new College President.

FINANCIAL INFORMATION

The administration of the College is responsible for establishing and maintaining an internal control structure designed to provide reasonable, but not absolute, assurance that the assets of the College are protected from loss, theft, or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. The concept of reasonable assurance recognizes that the cost of controls should not exceed the benefits likely to be derived and the valuation of costs and benefits requires estimates and judgments by administration.

SINGLE AUDIT

As a recipient of federal and state financial assistance, the College also is responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to these programs. This internal control structure is subject to periodic evaluation by administration and the independent auditors of the College.

As a part of the College's single audit, described earlier, tests are made to determine the adequacy of the internal control structure, including that portion related to federal financial assistance programs, as well as to determine that the College has complied with applicable laws and regulations. The results of the College's single audit for the fiscal year ended August 31, 2000, provided no instances of material weaknesses in the internal control structure or significant violations of applicable laws and regulations.

BUDGETING CONTROLS

In addition, the College maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the College's Board of Trustees. Activities of the unrestricted current fund, auxiliary enterprises fund, and retirement of indebtedness fund are included in the annual appropriated budget. The College also maintains an encumbrance accounting system as one technique of accomplishing budgetary control. Encumbered amounts lapse at year-end. However, encumbrances are appropriated as part of the next year's budget.

As demonstrated by the statements and schedules included in the financial section of this report, the College continues to meet its responsibility for sound financial management.

COLLEGE FUNCTIONS

The following schedule presents a summary of unrestricted current fund and auxiliary enterprises fund revenues for the fiscal year ended August 31, 2000, and the amount and percentage of increases and decreases in relation to prior year revenues.

| <u>Revenues</u> | <u>Amount</u> | <u>Percent of Total</u> | <u>Increase (Decrease) from 1999</u> | <u>Percent of Increase (Decrease)</u> |
|---------------------------------|--------------------|-----------------------------|--|---|
| State Appropriations | \$3,591,543 | 36.9 % | \$103,228 | 3.0 % |
| Tuition and Fees | 1,766,180 | 18.1 % | 77,271 | 4.7 % |
| Taxes for Current Operations | 2,668,222 | 27.4 % | 604 | 0.0 % |
| Sales and Services | 221,180 | 2.3 % | (79,840) | (26.5) % |
| Interest | 167,539 | 1.7 % | 26,550 | 18.8 % |
| Auxiliary Enterprises | 1,216,328 | 12.5 % | 69,482 | 6.1 % |
| Other Revenues | 111,922 | 1.1 % | 29,352 | 35.5 % |
| | <u>\$9,742,834</u> | <u>100.0 %</u> | <u>\$226,647</u> | <u>2.4 %</u> |

Revenues totaled \$9,742,834, an increase of 2.4% from the previous fiscal year. The revenue fluctuations shown above are reasonable except for those areas described below. Significant fluctuations are described below.

Tuition and fees increased 4.7% due to an increased activity in the Workforce and Continuing Education area. The increase was also due to an increase in the general fee of \$2 per semester hour.

Sales and services declined 24.2% as a result of contract instruction for Texas State Technical College in Marshall being discontinued during the year. The Marshall campus received stand-alone status from the 76th Legislature.

The 6.1% increase in auxiliary enterprises revenue was primarily from textbook sales in the bookstore. The increased revenue was driven by the markup of increased cost in textbooks.

The increase in other revenues was due to the selling of timber from the property the College purchased for possible future expansion. The proceeds from the timber sale were transferred to the unexpended plant fund.

The following schedule presents a summary of unrestricted current fund and auxiliary enterprises fund expenditures for the fiscal year ended August 31, 2000 and the amount and percentage of increases and decreases in relation to prior year expenditures.

| <u>Expenditures</u> | <u>Amount</u> | <u>Percent of Total</u> | <u>Increase (Decrease) from 1999</u> | <u>Percent of Increase (Decrease)</u> |
|---------------------------------------|--------------------|-----------------------------|--|---|
| Instruction | \$3,973,446 | 43.6 % | \$298,672 | 8.1 % |
| Academic Support | 1,302,265 | 14.3 % | 215,579 | 19.8 % |
| Public Service | 21,126 | 0.2 % | (61,772) | (74.5) % |
| Student Services | 554,513 | 6.1 % | 36,123 | 7.0 % |
| Institutional Support | 1,037,914 | 11.4 % | (139,224) | (11.8) % |
| Operation and Maintenance of Plant | 812,617 | 8.9 % | (80,157) | (9.0) % |
| Scholarships and Awards | 125,827 | 1.4 % | 2,258 | 0.0 % |
| Auxiliary Enterprises | 1,275,720 | 14.0 % | 115,760 | 1.8 % |
| | <u>\$9,103,428</u> | <u>100.0 %</u> | <u>\$387,239</u> | <u>4.4 %</u> |

Expenditures totaled \$9,103,428, a decrease of 4.4% from the previous fiscal year. In total, these expenditures are reasonable when compared with the prior year's expenditures. Fluctuations within categories are consistent with the emphasis placed on various expenditure categories during the year. Those areas with significant fluctuations are described in the following narrative.

The 8.1% increase in instruction was due to a faculty salary increase of \$3,000 a year per instructor.

Academic support increased 19.8% due to increased costs in the library and distance learning. The staffing of the library was increased, as well as, costs for furniture, audio visual and computer equipment, and library books. This was the first full year that the distance learning department was staffed with full time employees.

The public service area declined due to discontinuance of the Small Business Development Center, and the NEXT peer performance group. The Small Business Development Center is now operating in Panola County independent of the College. The NEXT peer performance group, which performed primarily in the public schools promoting drug awareness, completed their goals in the 98/99 fiscal year. A Texas Department of Transportation grant provided funds for an alternate means to continue safety and drug awareness training.

The student services increase of 7.0% was primarily due to salary increases.

Operation and maintenance of plant area expenditures decreased 9.0%. There were no major maintenance projects conducted this year. Major roof repairs are scheduled for the 00/01 fiscal year.

The 10.0% increase in Auxiliary Enterprises was the result of increased personnel and textbook costs.

AUXILIARY ENTERPRISES

The Auxiliary Enterprises Fund accounts for activities that are essentially self-supporting or intended to be separately measurable for self-sufficiency, and that serve students, faculty or staff. The College's auxiliary enterprises are comprised primarily of athletics, bookstore, food service, and student housing. The food service is contracted out to Sodexo Marriott. There is no bonded debt relating to any of these auxiliary activities.

ENDOWMENT FUNDS

The College's endowment funds increased \$117,867 during the year and totaled \$1,152,623 at August 31, 2000. The interest income from the endowment investments was used to provide scholarships.

FUND BALANCE

The fund balance in the Board designated funds include the unrestricted current fund, the auxiliary fund, and the unexpended plant fund increased by \$314,682 or 9.2 percent in the year ended August 31, 2000. This remaining fund balance is equivalent to approximately four months of expenditures.

DEBT ADMINISTRATION

As of August 31, 2000, the College had \$30,000 of student revenue bonds. These bonds were issued in 1970. The College has not had any new bonded debt issues since 1971.

Land purchased this year was financed with the seller over a five year period. The principal balance on the property on August 31, 2000 was \$100,000.

The only other debt the College has is in the form of capital leases. The College leases most of its copying machines. In addition, three vehicles, POISE computer technology equipment, and the telephone system are on a capital lease with Bank One. Terms of these leases require payments to be made over the next five years. The principal balance on the leases on August 31, 2000, was \$197,416.

CASH MANAGEMENT

Cash temporarily idle during the year was invested in demand deposits, certificates of deposit, and the Lone Star Investment Pool. The Lone Star Investment Pool is a public funds investment pool administered by the Texas Association of School Boards. The average yield on investments was 5.48 percent. The College earned interest revenue of \$267,395 on all investments for the year ended August 31, 2000.

The College's investment policy is to minimize credit and market risks while maintaining a competitive yield on its portfolio. Accordingly, deposits were either insured by federal depository insurance or collateralized. All collateral on deposits was held by a financial institution's trust department, pledged to the College. The Lone Star Investment Pool invests solely in obligations issued or secured by the U. S. Government and its agencies and instrumentalities. Endowment funds received in the form of mutual funds were retained in mutual funds at the request of the donor and at yearend amounted to \$12,044. All other investments held by the College during the year and on August 31, 2000, are classified in the category of lowest credit risk as defined by the Governmental Accounting Standards Board.

RISK MANAGEMENT

The College has developed a complete insurance program to protect against the risk inherent with the operation of a college and a public entity. This includes various policies protecting public officials, administrators, instructional personnel, law enforcement personnel, automobile liability, building and content liability, injuries on College premises, on the job, umbrella liability, and other policies. Nationally known and rated insurers underwrite these policies. Efforts are routinely made to make all employees aware of policies, regulations, and matters related to safety to help minimize exposure to the risks associated with College operations.

INDEPENDENT AUDIT

State statutes require an annual audit by independent certified public accountants. The College's Board of Trustees selected the accounting firm of Robinson & Williams, P.L.L.C. In addition to meeting the requirements set forth in state statutes, the audit also was designed to meet the requirements of the federal Single Audit Act and related OMB Circular A-133.

AWARDS

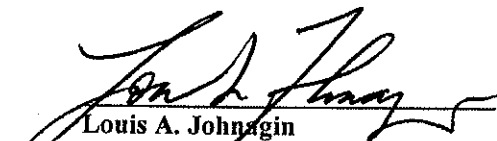

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting (CAFR) to the College for its comprehensive annual financial reports for the fiscal years ended August 31, 1999. This was the sixth consecutive year that the College has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a college must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. The College believes that its current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and is submitting it to the GFOA to determine its eligibility for another certificate.

ACKNOWLEDGMENTS

The preparation of the comprehensive annual financial report on a timely basis was made possible by the hard work and diligence of many College employees. Each employee who contributed to this report has the College's sincere appreciation. Panola College would also like to thank the accounting firm of Robinson & Williams, P.L.L.C. for their assistance and timely completion of the audit.

Sincerely,

Louis A. Johnson
Dean of Fiscal Affairs

INDEPENDENT AUDITOR'S REPORT

Members of the Board:

We have audited the accompanying balance sheet of Panola College as of August 31, 2000 and the related statements of changes in fund balances and current funds revenues, expenditures, and other changes for the year then ended. These financial statements are the responsibility of the College's administrators. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Panola College as of August 31, 2000, and the changes in fund balances and the current funds revenues, expenditures and other changes for the year then ended in conformity with generally accepted accounting principles.

In accordance with *Government Auditing Standards*, we have also issued a report dated October 26, 2000 on our consideration of the College's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contract and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

Our audit was performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying Schedule of Expenditures of Federal Awards (Schedule D-3) is presented for purposes of additional analysis as required by OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. The accompanying Schedule of Expenditures of State Awards (Schedule D-4) is also presented for purposes of additional analysis as required by the *Annual Financial Requirements for Texas Public Community Colleges* published by the Texas Higher Education Coordinating Board. These statements are not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements, and in our opinion, the statements are fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The additional financial information presented as supplementary data on pages 25 to 33, the individual fund statements on pages 41 to 61, and the statistical section on pages 63 to 84 are presented for purposes of additional analysis and are not a required part of the financial statements. The supplementary data and the individual fund statements have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The statistical section has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on such data.

PANOLA COLLEGE
NOTES TO THE FINANCIAL STATEMENTS
AT AND FOR THE YEAR ENDED AUGUST 31, 2000

A. ORGANIZATIONAL STRUCTURE AND REPORTING ENTITY

Reporting Entity

Panola College was established in 1947 in accordance with the laws of the State of Texas, to serve the educational needs of the Panola College service area. The College is considered to be a special purpose, primary government according to the definition in Governmental Accounting Standards Board (GASB) Statement 14. While the College receives funding from local, state and federal sources, and must comply with the spending, reporting and recordkeeping requirements of these entities, it is not a component unit of any other governmental entity.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Report Guidelines

The significant accounting policies followed by Panola College in preparing these financial statements are in accordance with the Texas Higher Education Coordinating Board's Annual Financial Reporting Requirements for Texas Public Community and Junior Colleges. These requirements are in substantial conformity with the AICPA Industry Audit Guide, Audits of Colleges and Universities, as amended by AICPA Statement of Position (SOP) 74-8, Financial Accounting and Reporting by Colleges and Universities, and as modified by Applicable FASB pronouncements issued through November 30, 1989, and as modified by all applicable GASB pronouncements cited in Codification Section Co5, "Colleges and Universities".

Basis of Accounting

The financial statements of Panola College have been prepared on the accrual basis of accounting except depreciation expenses related to plant fund assets is not recorded. The statement of current funds revenues, expenditures and other changes is a statement of financial activities of current funds related to the current reporting period. It does not purport to present results of operations or the net income or loss for the period as would a statement of income or a statement of revenue and expenses.

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditures of funds are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration in the Current Funds. Under Texas law, appropriations lapse at August 31, and encumbrances outstanding at that time are to be either canceled or appropriately provided for in the subsequent year's budget. Encumbrances outstanding at year end that were provided for in the subsequent year's budget are reported as reservations of fund balance since they do not constitute expenditures or liabilities.

To the extent that current funds are used to finance plant assets, the amounts so provided are accounted for as (1) expenditures, in the case of normal replacement of equipment and library holdings; (2) mandatory transfers in the case of required provisions for debt amortization and interest and equipment renewal and replacement; and (3) transfers of a non-mandatory nature for all other cases.

Fund Accounting

To ensure observance of limitations and restrictions placed on the use of the resources available to the College, accounts are maintained in accordance with the principles of "fund accounting". Resources for various purposes are classified for accounting and reporting purposes into funds that are in accordance with specified activities or

**PANOLA COLLEGE
NOTES TO THE FINANCIAL STATEMENTS

objectives. Separate accounts are maintained for each fund; however, in the accompanying financial statements, funds that have similar characteristics have been combined into fund groups. Accordingly, all financial transactions have been recorded and reported by fund group.

Within each fund group, fund balances restricted by outside sources are distinguished from unrestricted funds allocated to specific purposes by action of the governing board. Externally restricted funds may only be utilized in accordance with the purposes established by the source of such funds and are in contrast with unrestricted funds over which the governing board retains full control to use in achieving any of its institutional purposes.

Endowment and similar funds are subject to the restrictions of gift instruments requiring in perpetuity that the principal be invested and only the income be utilized. Term endowment funds are similar to other endowment funds, except that all or part of the principal may be utilized after a stated period of time or upon the occurrence of a certain event. Funds functioning as endowments are funds that the governing board has approved to be used as endowments.

All gains and losses arising from the sale, collection, or other dispositions of investments and other noncash assets are accounted for in the fund which owned the assets. Ordinary income derived from investments, receivables, and other sources is accounted for in the fund owning such assets, except for income derived from investment of endowment and similar funds. That income is accounted for in the fund to which it is restricted or, if unrestricted, as revenues in unrestricted current funds.

All other unrestricted revenue is accounted for in the appropriate unrestricted fund. Restricted gifts, grants, appropriations, endowment income, and other restricted resources are accounted for in the appropriate restricted funds. Restricted Current Funds are reported as revenues and expenditures when expended for current operating purposes. Contract and grant awards for the current reporting period are shown as additions to fund balances in Restricted Current Funds.

The different fund groups used at Panola College are as follows:

Current Funds

Funds available for current operating and maintenance purposes as well as those restricted by donors and other outside agencies for specific operating purposes. Current funds are segregated into separate balanced fund groups.

Unrestricted Current Funds

Funds received by an institution that have no limitations or stipulations placed on them by external agencies or donors. The funds are used for carrying out the primary purpose of an institution, i.e. educational, research, extension and administration.

Auxiliary Enterprises

Funds for activities that serve students, faculty, or staff for charges that are directly related to, although not necessarily equal to, the cost of the service. Examples are residence halls, food services and bookstores.

PANOLA COLLEGE
NOTES TO THE FINANCIAL STATEMENTS
AT AND FOR THE YEAR ENDED AUGUST 31, 2000

Inventories are valued at cost, which approximates market, using the first-in/first-out (FIFO) method. The costs of governmental fund-type inventories are recorded as expenditures when consumed rather than when purchased.

Restricted

Funds available for current purposes, but with restrictions from outside agencies or persons. Revenues are reported only to the extent of expenditures for the current year.

Endowment and Similar Funds

Funds subject to restrictions of endowment and trust instruments requiring that principal be maintained and that only the income be spent.

Plant Funds

Plant funds are divided into four separate balanced fund groups as described below.

Unexpended

Funds for the construction, rehabilitation, and acquisition of physical properties for institutional purposes.

Retirement of Indebtedness

Funds accumulated to meet debt service charges and the retirement of indebtedness.

Investment in Plant

Funds already expended for plant properties. Physical properties are stated at cost at date of acquisition or fair market value at date of donation for gifts. Depreciation on physical plant and equipment is not recorded.

Agency Funds

Funds held by the College as custodial or fiscal agent for students, faculty members and/or others.

C. BUDGETARY DATA

Each community college district in Texas is required by law to prepare an annual operating budget of anticipated revenues and expenditures for current operating funds for the fiscal year beginning September 1. The budget, which is prepared on the accrual basis of accounting, is adopted by the College's Board of Trustees. A copy of the approved budget must be filed with the Texas Higher Education Coordinating Board, Legislative Budget Board, and Legislative Reference Library.

D. MEMORANDUM TOTALS

The Balance Sheet in columnar form, the Statement of Changes in Fund Balances, and the Statement of Current Funds Revenues and Expenditures are shown with memorandum totals for the current and prior year. Inter-fund borrowing has not been eliminated, but has been off-set in the assets and liability sections. The memorandum totals are presented only to facilitate financial analysis and do not purport to present financial

position in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation.

E. AUTHORIZED INVESTMENTS

Panola College is authorized to invest in obligations and instruments as defined in the Public Funds Act (Sec. 2256.001 Texas Government Code). Such investments include (1) obligations of the United States or its agencies, (2) direct obligations of the State of Texas or its agencies, (3) obligations of political subdivisions rated not less than A by a national investment rating firm, (4) certificates of deposit, and (5) other instruments and obligations authorized by statute. The investments of the College are in compliance with these investment policies.

F. DEPOSITS AND SHORT-TERM INVESTMENTS

Deposits and Investments

At August 31, 2000, the carrying amount of Panola College's deposits was \$5,115,775 and total bank balances (balances per financial institution records) equaled \$5,233,408.

Depository bank balances of \$5,171,399 were covered by \$240,111 in federal depository insurance and \$7,170,950 (book value) in pledged securities. These pledged securities are held by the depository bank's agent in the name of the bank, for the benefit of Panola College. Based on this arrangement, the pledged securities meet the definition of GASB Statement No. 3 as uncollateralized.

Deposits and investments in other financial institutions totaling \$62,009 were fully covered by federal depository insurance. Short-term investments with the Lonestar Investment Pool and a mutual fund investment firm described below totaling \$318,635 were not covered by insurance.

Deposits with the contracted depository bank were in interest bearing accounts which were secured throughout the year by FDIC coverage and by securities conforming to the provisions of House Bill 1488 pledged to the College and held by the First State Bank's agent. Following are selected details about the deposits at the depository bank:

- a. Name of the Bank: First State Bank, Carthage, Texas.
- b. The amount of bond and/or the market value of securities pledged as of the date of the highest combined balance on deposit was \$7,328,985. The highest combined balances of cash, savings and time deposits accounts amounted to \$6,107,036 and occurred during the month of November, 1999.
- c. Total amount of FDIC coverage at the time of the highest combined balance in November was \$230,169.
- d. At year end, fair value of securities pledged was \$7,081,065.

Cash and cash equivalents as reported on Exhibit A, Balance Sheet, consist of the items reported below.

| | | |
|--|------------------|---------------------------|
| <u>Cash and Cash Equivalents</u> | | |
| Cash in Bank | | |
| Demand Deposits | \$ 712,040 | |
| Time Deposits | <u>3,086,000</u> | |
| Cash and Cash Equivalents | | \$3,798,040 |
| Petty Cash on Hand | | <u>3,740</u> |
| Total Cash and Cash Equivalents | | <u>\$3,801,780</u> |

Short-term investments reflected on Exhibit A, Balance Sheet, consisted of certificates of deposit with a maturity date greater than 90 days in the amount of \$1,317,735, an investment in the Lonestar Investment Pool in the amount of \$306,883, and an investment with a mutual fund investment firm of \$11,752. The Lonestar Investment Pool is an investment pool administered by the Texas Association of School Boards, Inc. The pool has various investment options for participating members. The College's investment portfolio at August 31, 2000 is in the Liquidity Plus Fund. The composition of this pool consists of cash and repurchase agreements (66%) and U.S. Treasures and Agencies (34%). Fair value of the College's portfolio at August 31, 2000 was approximately \$306,883, the same as the carrying amount. GASB statement 31 requires that investments be reported at fair value.

The cash deposits held at financial institutions can be categorized according to three levels of risk in accordance with GASB Statement 3. Those levels of risk give an indication of credit risk assumed by Panola College at year end. Credit risk is the risk that another party to a deposit or investment transaction will not fulfill its obligations. This is not to be confused with market risk, which is the risk that the market value of an investment, collateral protecting a deposit, or securities underlying a repurchase agreement will decline. Market risk is not depicted in this note.

Category 1: Deposits which are insured or collateralized with securities held by the entity or by its agent in the entity's name.

Category 2: Deposits which are collateralized with securities held by the pledging financial institution's trust department or agent in the entity's name.

Category 3: Uncollateralized, including any bank balance that is collateralized with securities held by the pledging financial institution or by its trust department or agent but not in the entity's name.

G. DERIVATIVES

Interest in derivative products has increased in recent years. Derivatives are investment products which may be a security or contract which derives its value from another security, currency, commodity or index, regardless of the source of funds used. Panola College did not invest in any derivative products during the year.

H. BONDS PAYABLE

General information related to bonds payable is summarized below:

- * Student Fee Revenue Bond, Series 1970C
- * To construct student housing
- * Issued December 1, 1970
- * \$495,000; all authorized bonds have been issued.
- * Source of revenue for debt service - general fees, Department of Housing and Urban Development annual interest subsidy.
- * Outstanding Balance August 31, 2000, \$30,000

The bonds are payable in annual installments varying from \$10,000 to \$30,000, the final payment being due in November, 2000, with interest varying from 7.0% to 7.2%.

The bonds require payment into a reserve fund of \$1,900 annually until the reserve reaches \$19,000. The payments are current and the balance is \$19,000. Advance payments of interest and principal on the Revenue and Student Fee Bonds are required to be made to an interest and sinking fund to cover the next payment due. Interest paid on the bonds amounted to \$3,060 during the current year. Accrued interest amounted to approximately \$270 at August 31, and is reflected in the financial statements.

Requirements for the next five years and to maturity including interest are as follows:

| Year Ending August 31 | <u>Principal</u> | <u>Interest</u> | <u>Total</u> |
|-----------------------------|------------------|-----------------|------------------|
| 2001 | \$ 30,000 | \$ 1,080 | \$ 31,080 |

I. LEASE PURCHASE AGREEMENTS PAYABLE

In August of 1995, the College entered into a 5 year lease for the rental of twelve copy machines. In 1996, 1997 and 1998, subsequent leases were entered into. Terms of the leases require that Panola College pay \$2,514 per month for sixty months. Total rents to be paid on the original and subsequent leases amounted to \$145,339.

**PANOLA COLLEGE
NOTES TO THE FINANCIAL STATEMENTS
AT AND FOR THE YEAR ENDED AUGUST 31, 2000**

Summarized below are annual lease requirements associated with the agreements. Imputed interest rates ranging from 4.41% to 10.00% are assumed in the leases. The interest portion of the lease payments in the current year amounted to \$2,415.

| <u>Year Ending August 31</u> | <u>Interest</u> | <u>Principal</u> | <u>Total Requirement</u> |

J. NOTE PAYABLE

In October 1999, the college purchased approximately one acre of land and two structures adjoining existing College land. This real estate was purchased from an individual for a purchase price of \$120,000. The \$120,000 was financed with a cash down payment of \$20,000 to the former owner and execution of a real estate lien note to the former owner in the amount of \$100,000. The note bears an interest rate of 6.5% from October 1, 1999 with five annual installments of \$24,063 beginning October 1, 2000.

L. CONTRACT AND GRANT AWARDS

Contract and grant awards are accounted for in accordance with the requirements of the AICPA Industry Audit Guide, Audits of Colleges and Universities. Funds received, but not expended during the reporting period, are shown as additions to fund balance. Revenues are recognized as funds are actually expended. For direct federal contract and grant awards, funds expended, but not collected, are reported as federal receivables. Federal pass through awards and non-federal contract and grant awards for which funds are expended, but not collected, are reported as state and local contracts and grants receivable. Contract and grant awards that are not yet funded and for which the institution has not yet performed services are not included in the financial statements.

M. PROPERTY TAXES

Property taxes are levied each October 1 in conformity with Subtitle E, Texas Property Tax Code. The levy is based on the assessed value as of the prior January 1 for all real and personal property located in the District. The taxes become due January 1 of the following year. A discount of up to 3% is allowed for taxes paid between October 1 and December 31. Taxes become past due February 1 and become delinquent on June 30. A tax lien attaches to property on January 1 of each year to secure the payment of all taxes, penalties, and interest

AT AND FOR THE YEAR ENDED AUGUST 31, 2000

ultimately imposed. Taxes receivable as reflected on the balance sheet are net of an allowance for doubtful accounts. The allowance is based upon historical experience in collecting property taxes. Additionally, the net receivable is offset by deferred revenues in the same amount as they are only available to fund expenditures for the next fiscal year. Property taxes are restricted to use within the taxing district. There are no other restrictions on the use of taxes. Taxes levied for the year ended August 31, 2000 is \$2,769,905, which includes penalty and interest assessed of \$11,696. Tax collections for the current year including delinquent collections amounted to approximately 99.35% of the current tax levy.

A summary of tax data is presented as follows:

O. CHANGES IN PROPERTY AND EQUIPMENT

Physical plant and equipment are stated at cost at date of acquisition or fair market value at date of creation of the detail asset records. Depreciation on physical plant and equipment is not recorded. Detail asset records were established in 1992. Historical cost was used as much as possible, all other items were valued at estimated current market value.

Investment in plant transactions for the year ended August 31, 2000, are summarized as follows:

| | <u>Balance 9/01/99</u> | <u>Adjustment/ Additions</u> | <u>Retirement/ Deletions</u> | <u>Balance 8/31/00</u> |
|--|----------------------------|----------------------------------|----------------------------------|----------------------------|

| | <u>\$ 14,348,930</u> | <u>\$ 432,008</u> | <u>\$ 106,518</u> | <u>\$ 14,674,420</u> |

Library holdings noted above include library books and reference material also contained in magnetic media form. These holdings are valued at cost.

P. CONTINGENT LIABILITIES

The College participates in several state and federal grant programs, which are governed by various rules and regulations of the grantor agencies. Costs charged to the respective grant programs are subject to audit and adjustment by the grantor agencies; therefore, to the extent that the College has not complied with the rules and regulations governing the grants, refunds of any money received may be required and the collectibility of any related receivable at August 31, 2000, may be impaired. The ultimate resolution cannot presently be determined. Accordingly, no provision for any liability that may result has been recognized in the financial statements.

Q. EMPLOYEES' RETIREMENT PLAN

Plan Description:

The Teacher Retirement System of Texas (TRS) is a multiple-employer public employee retirement system (PERS). It is a cost-sharing PERS with one exception: all risks and costs are not shared by the employer (unless the employer is a senior college, medical school, or a state agency in which case the employer is considered the State of Texas) are the

**PANOLA COLLEGE
NOTES TO THE FINANCIAL STATEMENTS
AT AND FOR THE YEAR ENDED AUGUST 31, 2000**

liability of the State of Texas. By statute, the State of Texas contributes to the retirement system an amount equal to the current authorized rate times the aggregate annual compensation of all members of the retirement system during that fiscal year.

Types of Employees Covered:

All employees of public, state-supported educational institutions in Texas who are employed for 1/2 or more of the standard work load and who are not exempted from membership under Texas Government Code, Title 8, Subtitle C Section 822.002 are covered under the plan.

Benefit Provisions:

The Teacher Retirement System of Texas administers retirement and disability annuities, and death and survivor benefits to employees and beneficiaries of employees of the public school system of Texas. It operates primarily under the provisions of Texas Constitution, Article XVI, Section 67 and Texas Government Code, Title 8, Subtitle C.

The system also administers proportional retirement benefits and service credit transfer under Texas Government Code, Title 8, Chapter 803 and 805, respectively.

Service Retirement:

1. Normal - age 65 with 5 years of service
 age 60 with 20 years of service
 age 50 with 30 years of service
 age plus years of service equals 80

2. Reduced- age 55 with at least 5 years of service, or
 any age below 50 with 30 years of service

A member is fully vested after 5 years of creditable service and entitled to any benefit for which eligibility requirements have been met.

FUNDING STATUS AND PROGRESS

State law provided for a state contribution rate for fiscal years 1998 and 1999 of 6.0% and a member contribution rate of 6.4%. These rates are set by state statutes. The actuarially determined contribution requirements for the fiscal year were 6.4% for the employee and 6.0% for the state. In certain instances, the reporting district is required to make all or a portion of the State's 6.0% contribution. Contribution requirements are not actuarially determined but are legally established each biennium pursuant to the following state funding policy: (1) The state constitution requires the legislature to establish a member contribution rate of not less than 6% of the member's annual compensation and a state contribution rate of not less than 6% and not more than 10% of the aggregate annual compensation of all members of the system during that fiscal year. (2) A state statute prohibits benefit improvements or contribution reductions if, as a result of the particular action, the time required to amortize TRS's unfunded actuarial liabilities would be increased to a period that exceeds 31 years, or, if the amortization period already exceeds 31 years, the period would be increased by such action.

**PANOLA COLLEGE
NOTES TO THE FINANCIAL STATEMENTS
AT AND FOR THE YEAR ENDED AUGUST 31, 2000**

Contribution requirements for Panola College for fiscal years ended August 31, 1997 through 2000 were as follows:

| Fiscal Year Ended August 31, | On-Behalf State Contribution | Employee Contribution | Total Contribution | Covered Payroll |
|------------------------------------|------------------------------------|--------------------------|-----------------------|--------------------|
| 1997 | \$ 131,291 | \$ 140,044 | \$ 271,335 | \$ 2,188,181 |
| 1998 | 134,016 | 142,902 | 276,918 | 2,238,604 |
| 1999 | 141,914 | 151,375 | 293,289 | 2,365,291 |
| 2000 | 162,603 | 173,443 | 336,046 | 2,710,054 |

The contributions applicable to Panola College for the above years is less than 1/10 of 1 percent of total contributions into the Teacher Retirement System as a whole.

Actuarial values of assets and accrued liabilities of the Teacher Retirement System of Texas as of August 31, 1997 to 2000 were as follows (in billions):

| Fiscal Year | Actuarial Value Of Assets | Actuarial Accrued Liability | (Unfunded)/Overfunded Actuarial Accrued Liability |
|----------------|---------------------------------|-----------------------------------|---|
| 1997 | \$ 53.8 | \$ 53.9 | \$ (0.1) |
| 1998 | 60.4 | 57.9 | 2.5 |
| 1999 | 69.4 | 67.2 | 2.2 |
| 2000 | 79.3 | 73.9 | 5.4 |

The Teacher Retirement System of Texas issues a publicly available financial report that includes financial statements and required supplementary information for the defined benefit pension plan. That report may be obtained by writing to the Teacher Retirement System, 1000 Red River Street, Austin, Texas 78701.

The State has also established an Optional Retirement Program for institutions of higher education. Participation in the Optional Retirement Program is in lieu of participation in the Teacher Retirement System. The Optional Retirement Program provides for the purchase of annuity contracts or mutual funds. The percentages of participant salaries currently contributed by the state and each participant are 6.0% and 6.65% respectively. Since these are individual investments, the State has no additional or unfunded liability for this program. Currently, the District contributes an additional 2.5% of each participant's salary who were members of the program at August 31, 1995, to the Optional Retirement Program as allowed under provisions of state law.

The retirement expense (on-behalf) to the State of Texas for the District was \$159,331 for the Optional Retirement Plan for the fiscal year ended August 31, 2000. Participants contributed \$178,888 for the Optional Retirement Programs. The District contributed \$50,037 to the Optional Retirement Program to cover the 2.5% referenced above.

The contributions described above were based on total covered payroll of \$2,665,517 for the year. All on-behalf payments referenced above are included as revenues and expenditures in the financial statements in the restricted fund.

PANOLA COLLEGE
NOTES TO THE FINANCIAL STATEMENTS
AT AND FOR THE YEAR ENDED AUGUST 31, 2000

R. DEFERRED COMPENSATION PROGRAM

State employees may elect to defer a portion of their earnings for income tax and investment purposes pursuant to authority granted in Government Code 609.001. As of August 31, 2000, the College had twenty-two employees participating in the tax sheltered annuity program. A total of \$73,066 in payroll deductions had been invested in approved plans during the fiscal year.

S. COMPENSATED ABSENCES

On retirement, termination, or death of full time employees, the College pays employees for unused vacation leave. The College recognized the accrued liability for the unpaid annual leave in the Current Unrestricted Fund. Sick leave is not paid to an employee upon death, termination, or retirement; therefore, there is no liability shown in the financial statements.

Vacation is earned at the rate of one day per month up to a maximum of ten days per year. Employees accrue the vacation during the first six months of employment but are not eligible to take vacation until after six months of continuous employment. Sick leave is also earned at the rate of one day per month up to ten days. In addition, two personal days are earned each year.

Total accrued compensated absences representing unused vacation leave amounted to approximately \$88,723 at August 31, 2000.

T. HEALTH CARE AND LIFE INSURANCE COVERAGE

During the year ended August 31, 2000, employees of Panola College were covered by a health and life insurance plan (the Plan). The Plan is funded by the State. The State paid premiums of \$216 per month per employee to the Plan, and the employees, at their option, authorized payroll withholdings to pay premiums for dependents. All premiums were paid to a licensed insurer. The Plan was authorized by Article 3.51.2, Texas Insurance Code.

The State's total contribution (on-behalf) for the year amounted to \$411,742 and covered an average of 133 employees per month, and is included as revenues and expenditures in the restricted fund.

U. POST-RETIREMENT HEALTH BENEFITS

Panola College as allowed, but not required by state statutes, presently reimburses 43 retired employees \$16.88 per month representing the cost of continuation of dental insurance. This is the same amount provided to active employees.

The College in accordance with state statutes, has five retired employees who formerly worked in auxiliary departments of the College. The College continues to fund these retirees' health insurance coverage. The monthly premium for the fiscal year ending August 31, 2000, was \$232 per retiree.

**PANOLA COLLEGE
NOTES TO THE FINANCIAL STATEMENTS
AT AND FOR THE YEAR ENDED AUGUST 31, 2000**

In addition to providing pension benefits, the State provides in accordance with state statutes, certain health care and life insurance benefits for retired employees. Almost all of the employees may become eligible for those benefits if they reach normal retirement age while working for the State. Those and similar benefits for active employees are provided through an insurance company whose premiums are based on benefits paid during the previous year. The cost to the State (on-behalf payments) of providing those benefits for 38 retirees was \$116,885, and is included in the financial statements as revenues and expenditures in the restricted fund.

V. RELATED PARTIES

Panola College Development Foundation is a nonprofit organization with the sole purpose of supporting the educational and other activities of the College. The Foundation accepts donations and acts as coordinator of gifts made by other parties. During the fiscal year no transactions occurred between the Foundation and the College.

W. FUNDS HELD IN TRUST BY OTHERS

The balances or transaction of funds held in trust by others on behalf of Panola College are not reflected in the financial statements. At August 31, 1999, there were five such funds for the benefit of the College. The Lawrence R. and Debbie H. Sharp Endowment Scholarship Fund, the Q. M. Martin Trust No. 2, the Reeves Scholarship Fund, the Daniel Scholarship Fund, and the Jacke Daniel Davis Memorial Scholarship Fund are held in trust by First State Bank and Trust of Carthage, Texas. Funds held in trust on these amounted to approximately \$318,322 at the end of the fiscal year.

X. RISK MANAGEMENT

The College is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The College maintains commercial insurance coverage covering each of those risks of loss. Management believes such coverage is sufficient to preclude any significant uninsured losses to the College. At no time during the last three fiscal years have claims exceeded commercial coverage.

Y. DEFERRED REVENUES

Revenues, primarily consisting of tuition, fees, and housing charges, related to academic terms in the next fiscal year are recorded on the balance sheet as deferred revenue in the current fiscal year.

PANOLA COLLEGE
NOTES TO THE FINANCIAL STATEMENTS
AT AND FOR THE YEAR ENDED AUGUST 31, 2000

Z. OTHER DISCLOSURES

Panola College had no transactions related to advance refunding bonds or defeased bonds outstanding during the period.

The College is exempt from income taxes under Internal Revenue Code Section 115, Income of States, Municipalities, Etc., although unrelated business income may be subject to income taxes under Internal Revenue Code Section 511 (a)(2)(B), Imposition of Tax on Unrelated Income of Charitable, Etc. Organizations. The College had no unrelated business income tax liability for the year ended August 31, 2000.

PANOLA COLLEGE
NOTES ON ACCOUNTING POLICIES FOR FEDERAL AWARDS
YEAR ENDED AUGUST 31, 2000

1. The College uses the restricted fund account for resources restricted to, or designated for, specific purposes by a grantor. Federal and state financial assistance generally is accounted for in the Restricted - Current Fund with the exception of the HUD Interest Subsidy accounted for in the Retirement of Indebtedness Fund.
2. The financial statements of Panola College are prepared on the accrual basis of accounting except depreciation expenses related to plant fund assets is not recorded. The statement of current funds revenues, expenditures and other changes is a statement of financial activities of current funds related to the current reporting period. It does not purport to present results of operations or the net income or loss for the period as would a statement of income or a statement of revenue and expenses.

To the extent that current funds are used to finance plant assets, the amounts so provided are accounted for as (1) expenditures, in the case of normal replacement of equipment and library holdings; (2) mandatory transfers in the case of required provisions for debt amortization and interest and equipment renewal and replacement; and (3) transfers of a non-mandatory nature for all other cases.

3. Federal grant funds are considered to be earned to the extent of expenditures made under the provisions of the grant, and, accordingly, when such funds are received, they are recorded as deferred revenues until earned.
4. The period of availability for federal grant funds for the purpose of liquidation of outstanding obligations made on or before the ending date of the federal project period extended 30 days beyond the federal project period ending date, in accordance with provisions in Section H, Period of Availability of Federal Funds, Part 3, OMB Circular A-133 Compliance Statement - Provisional 6/97.

INDIVIDUAL FUND STATEMENTS

THIS PAGE LEFT BLANK INTENTIONALLY

CURRENT FUNDS - funds available for current operating and maintenance purposes as well as those restricted by donors and other outside agencies for specific operating purposes. Current funds are segregated into specific balanced fund groups as follows:

UNRESTRICTED - funds received by the College that have no limitation or stipulation placed on them by external agencies or donors. These funds are used for carrying out the primary purpose of the College, i.e. education, extension, and administration.

AUXILIARY ENTERPRISES - funds for activities that serve students, faculty, or staff for which charges are directly related to, although not necessarily equal to, the cost of the service. Examples are food services and bookstores.

RESTRICTED - funds available for current purposes, but with the restrictions from outside agencies or persons. Revenues are reported only to the extent of expenditures for the current year.

**PANOLA COLLEGE
COMPUTATION OF LEGAL DEBT MARGIN
AUGUST 31, 2000
(UNAUDITED)**

The amount of bonded debt is limited by statute to the extent that the aggregate annual bond taxes in the District shall never exceed \$0.50 per \$100 valuation of taxable property in the District.

For the fiscal year ended August 31, 2000, the College had no general obligation debt; therefore, no tax rate was established for the purpose of debt service.

**REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL
REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

**Board of Trustees
Panola College
1109 West Panola
Carthage, Texas 75633**

We have audited the financial statements of Panola College as of and for the year ended August 31, 2000, and have issued our report thereon dated October 26, 2000. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether Panola College's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, including the Public Funds Investment Act (Texas Government Code, Chapter 2256), noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not a objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Panola College's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

This report is intended for the information of the administration, trustees, the Texas Higher Education Coordinating Board, and the United States Department of Education. However, this report is a matter of public record and its distribution is not limited.

**REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH
MAJOR PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE IN
ACCORDANCE WITH OMB CIRCULAR A-133**

Compliance

We have audited the compliance of Panola College with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended August 31, 2000. Panola College's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations contracts and grants applicable to each of its major federal programs is the responsibility of Panola College's administration. Our responsibility is to express an opinion on Panola College's compliance based on our audit.

We conducted our audit of compliance in accordance with generally accepted auditing standards; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Panola College's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on Panola College's compliance with those requirements.

In our opinion, Panola College complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended August 31, 2000.

Internal Control Over Compliance

The administration of Panola College is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered Panola College's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report is intended for the information of the administration, trustees, the Texas Higher Education Coordination Board, and the United States Department of Education. However, this report is a matter of public record and its distribution is not limited.
